

Group Testimonials

“All went really really well both days. The staff was awesome in making folks feel that social distancing and care in cleanliness was important. I appreciate the fact that we could have a meeting and bring business in. Dinner in Beverly’s was amazing! Please give my praises to the staff in banquets both yesterday and today. A+”

“Everything was great with the visit; we found the town clean, safe, friendly and easy to navigate. The resort had everything we needed and the golf, boating - just relaxing - was great.”

“Coeur d'Alene Resort is truly an amazing place, especially for a Golfing Event. The 18-hole course did not disappoint even our most skilled golfers. It was immaculately groomed, and had the diversity to wow every level of golfer. The Hagadone Event Center is the perfect setting for gatherings with the outside buffet and surrounding lake views. The quality of food and service was exceptional, we look forward to future events at the resort.”

“On my recent visit to The Coeur d' Alene Resort my organization held their Strategic Planning Board Retreat. I hope this letter expresses my admiration to all staff members that allowed us to have a successful Meeting and pleasant stay at your resort. Alvah who was in charge of AV equipment, not only was able to work with the restrictions that were all placed with, Covid-19, he tailored and set up each day to allow for maximum visibility and communication. In summary I would like to say that your whole team at The Coeur d' Alene Resort, went above and beyond what was needed but, understanding the times that we live in now, I would sincerely recommend and hope, wish, to return to experience your resort again.”
