

Hybrid Meeting Program

THE TURN KEY PLAN

Our full-service program, geared towards those planners needing assistance with every aspect of designing, communicating and delivering their hybrid event. Ideal for the planner who may not yet have planned digital events, or those who have limited time available for getting the preparations in place to deliver their hybrid experience. Our on-site Audio-Visual/IT Technician and on-site Event Moderator for the advance planning phase as well as the day(s) of your event are included in this plan.

THE SIDEKICK PLAN

Built for those planners needing some support in designing and delivering their hybrid event. Ideal for the planner who may have planned a few digital events in the past and just need a partner to help get the plans in place. Our on-site Audio-Visual/IT Technician and on-site Event Moderator for the advance planning phase as well as the day(s) of your event are included in this plan.

THE SUPPORT ONLY PLAN

Ideal for the planner who has ample experience in creating, communicating and delivering numerous digital events in the past and just needs our team to provide a hybrid meeting in a box support package for the event. Our on-site Audio-Visual/IT Technician and on-site Event Moderator for equipment review planning advance planning as well as the day(s) of your event are included in this plan.

All plans are crafted to keep your budget on track, and will be customized based on the specifics of your individual program.
